FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Transportation** assume the proposal will not fiscally impact their agency.

Officials from the **Department of Public Safety - Division of Fire Safety (DFS)** state they currently administer the Fireworks Licensing and Enforcement program. This legislation adds individuals who have been found guilty of or pleaded guilty to a felony, or any person failing to provide DFS with proof of liability insurance to the list of individuals who will not be allowed a permit or license.

DFS states they license approximately 480 pyrotechnicians and issues roughly 1,470 fireworks permits at various levels annually. DFS anticipates this change will impact a minimal number of individuals applying for licenses or permits and is not anticipated to fiscally impact the Division.

Oversight assumes the minimal number of persons impacted by this proposal does not create a material fiscal impact to the state.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
